IMPERIAL PREMIUM

IMPERIAL PREMIUM upholstery leather by Boxmark is an untreated wax leather which is the embodiment of luxury at its best, with its flat natural grain and silky sheen. The unique tactile quality and sophisticated appearance create a wonderfully natural ambience in the home. IMPERIAL PREMIUM is timelessly elegant and outlives any trend.

Characteristics

IMPERIAL PREMIUM in 1.3 - 1.4 mm thickness is an exclusive leather, which is perfect for all upholstered areas where clean and elegant lines are desirable. The above average size of the Central European bull hides meets all requirements in the luxury segment, when covering the finest design elements in leather.

Natural and growth features are visible in this premium leather due to its exclusive wax protection. After a few years, the leather achieves a superior patina which is extremely popular with connoisseurs.

Care & Cleaning

Boxmark recommends exclusive use of the IMPERIAL wax after care set in order to retain the particularly waxy character of the leather and its sophisticated appearance in the best possible way. It is inadvisable to use other leather care products as they may cause damage to the leather.
