Finish adhesion	IUF 470 E	> 1.5 N/10 mm
Tear propagation	DIN 53329	> 20N/mm
Fire resistance	DIN EN 1021 bzw. ISO 8191 1+2	OK
Average size	sqm	5
Minimum order		Half hide

What you should know about ordering leather

Due to the beautiful natural characteristics of leather, there may be some variation in shade and texture within a hide, and between hides. Although hides are free from excessive scars, there is always some evidence of their natural origin. Size will also vary between hides, but a typical hide is between 4.5-5.5m². Please contact us for sizes available.

Samples are a good guide to colour and finish, but you should bear in mind an exact match cannot be guaranteed.
